1. INTRODUCTION

Global Party Survey, 2019

The **Global Party Survey, 2019** (GPS) is an international scientific study conducted by independent scholars at Harvard University which is designed to compare political parties around the world.

We are contacting you as someone familiar with politics in **#{e://Field/CountryExpertise}**. We want to learn the current position of political parties in the lower (or single) House of Parliament/Congress in $\{e://Field/CountryExpertise\}$.

Participation is by invitation only. The survey usually takes around 12 minutes to complete. Your answers are anonymous and all replies will be treated with the strictest confidence. You are welcome to contact us by [email](#) or check the [project website](#) for any further information.

Many thanks for all your invaluable help and contribution to this study.

Parties can also be classified by their current use of POPULIST OR PLURALIST rhetoric.

POPULIST language typically challenges the legitimacy of established political institutions and emphasizes that the will of the people should prevail.

By contrast, PLURALIST rhetoric rejects these ideas, believing that elected leaders should govern, constrained by minority rights, bargaining and compromise, as well as checks and balances on executive power.
